

## Associate Degree in Nursing

Hendrix Fraser

Submitted by Mary Sullivan

Hendrix is a Semester 4 student in the ADN program at SBCC. During his tenure in the nursing program he was a leader of his class. He worked with students who needed extra help, he organized several events and never once complained about it. He was instrumental in planning and fund raising for the pinning ceremony and was able to bring the class together, which is no easy feat. On top of that, he is at the top of his class and is always tutoring his classmates.

Hendrix works as a medic in the area and works very hard in our community. His honesty and integrity stands out and he is a delight to work with.
