

## School of Modern Languages - French

Stephanie Cambray-Guevara

Submitted by Marion Phillips

Stephanie made outstanding efforts to improve her French language skills in French 103 last Fall. She attended our Zoom course meetings and worked enthusiastically with her peers. She also asked great questions about how the language works which helped the whole class to review. In addition, Stephanie put in the time to attend office hours to understand and review errors. She is diligent, motivated, and an outstanding language student. Félicitations Stephanie!
