

Philosophy

Sebastien Foisy

Submitted by Chris Kramer and Marc Bobro

Sebastien Foisy has excelled in each philosophy class he has taken, which is just about all of them we offer at SBCC, including Honors. His writing and discussions demonstrate an understanding of difficult concepts from multiple branches of philosophy. Sebastien exemplifies a genuine philosophical attitude; that is, an openness to perspective shifting, intellectual curiosity, and analytical rigor. This is evident with his critical yet collaborative conversations among peers and faculty, both in class and as an officer and President for the Philosophy Club.
